EDUCATION

BTECH- CSE

Sreenidhi Institute Of Science & Technology

07/2021. 7.03

DIPLOMA-EEE

Govt-Polytechnic Nalgonda

04/2018. 69.93

SSC

Mamatha High School Nalgonda

05/2015. 7.30

PERSONAL PROJECTS

GUI based Application for one -day cricket data analysis
(05/2021 - 07/2021)

- GUI based application for cricket data analysis using python tkinter and made visualization of data using graphs like boxplot, bar, etc..

Stock price prediction using LSTM (01/2021 - 01/2021)

- Developed a Stock price prediction model using LSTM and ARIMA.

Authenticating user by Hand Gestures while performing an ATM transaction Using Python OpenCV (01/2020 - 01/2020)

- ATM pin is not typed but showing the pin using hand gestures

Developed a Basic Maths Alexa skill (06/2020 - 06/2020)

- In this skill student can ask Alexa about maths formulas like area, tables, logarithms, etc...

Data Analysis of Weather Data (07/2019 - 07/2019)

- Developed a Weather Data Prediction using Pandas, Matplotlib.

WORK EXPERIENCE

TCS Software Developer

11/2021 - Present,

- I am working as Assistant Systems Engineer and my day to day activities are monitoring frontend applications and update database backend changes through SQL, I also interact with clients on troubleshooting the issues.

ML Engineer Intern

SmartBridge

01/2021 - 02-2021,

Achievements/Tasks

- Stock price prediction using various algorithms

Python Developer

Chattel Technologies

06/2020 - 07/2020,

Achievements/Tasks

- Emotion Detection, Face Mask Detection, Chatbot using Dialogflow

EIDIKO Systems Integrators Private Limited

06/2019 - 07/2019,

Achievements/Tasks

- Developed a Web-based application on Library Management System Using Java and Spring framework as our internship.

SKILLS

ACHIEVEMENTS

Secured Gold batch in Python in HACKERRANK

Secured Gold batch in SQL in HACKERRANK

CERTIFICATES

ML and DS Training (05/2021 - 07/2021)

Machine Learning Using Python (04/2020 - 04/2020)

Python For Data Science (Data Camp) (04/2020 - 04/2020)

Applied Machine Learning: Algorithms (04/2020 - 04/2020)

Programming Through Data Structures In Python
(07/2019 - 07/2019)

Python 3.7 Beginner's Bootcamp 2020 (04/2020 - 04/2020)

R Programming (05/2020 - 05/2020)

Python For Data Science (NPTEL) (07/2019 - 08/2019)

LANGUAGES

English

Full Professional Proficiency

Telugu

Native or Bilingual Proficiency

INTERESTS

Sports

Reading Books

Watching Short Films
